Re: Freedom of Information Act Request Control No. 2007-497

Dear Mr. Tan:

We are hereby forwarding documents responsive to your August 30, 2007 Freedom of Information Act (FOIA) request (Control No. 2007-497).¹ Additionally, on our own motion, we are revising our September 27, 2007 decision responding to your request.² Specifically, we found in our September 27, 2007 letter that Part II of the “public versions” of the Allegiance Form 477 filings contains sufficiently detailed information about Allegiance’s business activities such that a competitor could directly and indirectly derive competitively sensitive customer and network information.³ We further found that the release of these parts of Allegiance’s “public versions” would threaten substantial competitive harm to XO as the successor in interest to Allegiance, and we denied your request to the extent that it sought those records.⁴ On our own motion, we revise our earlier response to make these same findings with regard to Part I of the “public versions” of the Allegiance filings and we further deny your FOIA request to the extent that it seeks Part I of these versions of the filings.

Additionally, we previously granted your request to the extent that it seeks the cover letters transmitting the filings.⁵ We find on our own motion that the cover letters in fact contain information that we determined in our September 27, 2007 response not to release: specifically, the name of the contact representatives associated with the filings. Accordingly, we further deny your request to the extent that it seeks this information in the cover letters.

Finally, we correct our September 27, 2007 response letter to indicate that we are withholding the ‘Contact Person,’ and ‘Contact person telephone and e-mail address’ information

¹ E-mail from Andrew Tan, Glancy Binkow and Goldberg, LLP, to FCC FOIA Officer, dated August 30, 2007.

² Letter from Kirk Burgee, Chief of Staff, FCC Wireline Competition Bureau, to Andrew Tan, Glancy Binkow & Goldberg LLP, September 27, 2007 (WCB Response). See 47 C.F.R. § 1.113(a).

contained boxes 6 and 7 or 7 and 8 (rather than boxes 5 and 6) of the cover pages of the filings, depending upon when the filing was effected. We are withholding information in the 'Contact Person' and 'Telephone Number' fields from the certification statements submitted with the filings (the certification statements do not contain 'E-mail' information for the contact person).

We do not revise our September 27, 2007 decision except as specifically set forth above.

Under FCC rule §0.461(i)(2), you have ten business days following the date of this letter to file an application for review of the Wireline Competition Bureau's revisions to its September 27, 2007 decision as set out in this letter, *i.e.*, the decisions to withhold Part I of the "public versions" of the Allegiance Form 477 filings and the name of the contact representative in the associated cover letters.⁶

Sincerely,

Kirk S. Burgee
